Онлайн Приложение

Часть А. Выборка на основе стран, в которых топливная рента составляет не менее 10% ВВП

Таблица 1А. Результаты, показывающие связь присутствия иностранных компаний на рынке нефтедобычи и риска завершения вооруженного конфликта, инициированного нефтедобывающей страной, оцененные с помощью модели пропорционального риска Кокса с изменяющейся во времени переменной
